Information provided serves only to determine the fees payable to the VATM, is strictly confidential and may not be passed on within the association, used for other purposes or passed along to third parties. Should changes in annual revenue cause our company to fall within a higher fee bracket, we undertake to notify the VATM of this at the end of a given calendar year. The office will review the information for plausibility and may request evidence to back it up. If this evidence is not furnished, the company may be upgraded to a higher fee level, all the way up to Level 10.
